

A Better Bag?

INTRODUCING ClasiBags— THE SATURATED COLOR PAPER BAG.

The color goes in before the paper is made.

The paper is dyed, penetrating the individual fibers with full rich color before processing. Not just ink rolled on the surface, ClasiBags are solid color—inside and out—top to bottom. No other bags can achieve this rich, deep-color look using traditional manufacturing methods.

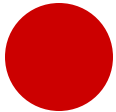

Dyed—Not Tinted

This process ensures that ClasiBags have an absolutely even color consistency. No light and dark spots like other color bags. And because the color is in the fiber, they won't bleed, the color won't rub off on your customer's clothes, even when wet, and they won't fade! Best of all, no harmful varnishes or chemical coatings are required to protect the color.

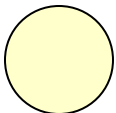

Colors

Classic Blue

Celebration Red

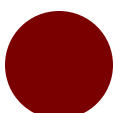

Ancient Ivory

Rain Forest Green

Licorice Black

Deep Burgundy

Matching Handles

Completing the elegant look, the handle color exactly matches the bag. Because the paper is color-fast we can use it to make the twisted handles giving this bag a truly distinctive look.

Glazed Finish

The outer surface of the ClasiBag is a machine glazed finish yielding a very smooth, slightly shiny appearance, adding depth and brilliance to the color. It's a perfect finish for printing, holding the paper fibers tight allowing for clean edges and crisp lines. Your custom design visually 'pops' right off the bag. Add a foil hot-stamp and you've created a truly stunning package.

**All this and more ...
for less than the price of a regular tinted bag!**

ClasiBags

A Better Bag

ClasiBags are made in the U.S.A.

COMPARE	Regular Tinted Kraft Bag	ClasiBags
Color	Ink/Tint rolled on paper after manufacture	Dye mixed with pulp before manufacture
Finish	Varnish	Machine Glazed—no chemicals. Superior surface for printing or hot stamping.
